OLIVER HARAN

SENIOR FRONT-END DEVELOPER & UI/UX SPECIALIST

Location: South River, NJ 08882 **Email:** oliverharan@live.com **LinkedIn:** linkedin.com/in/oliverharan

PROFESSIONAL PROFILE

Versatile Front-End Developer and UI/UX Designer with senior level experience bridging the gap between visual design and front-end engineering. Proven expertise building high-performance responsive applications in **ReactJS, Angular, and JavaScript (ES6+)** alongside visual prototyping, branding, and asset creation in **Adobe Creative Cloud & Figma.** Recognized for delivering pixel-perfect, scalable user interfaces for high-profile clients including the New York Football Giants, CVS Health, and Janssen Pharmaceuticals.

CORE COMPETENCIES

FRONT-END ENGINEERING	UI/UX & VISUAL DESIGN	TOOLS & ARCHITECTURE
ReactJS, Angular (2+), JavaScript (ES6+), HTML5, CSS3, SASS/SCSS, jQuery, TypeScript, RESTful APIs, JSON,SQL	Wireframing, Interactive Prototypes, Adobe XD/Photoshop/Illustrator, Logo & Graphic Design, Brand Identity, Responsive Web Design, Storybook, Figma	CoPiolo, Claude, OpenCode,Git/SVN, Jira, Agile/Scrum, Visual Studio, Litmus/Email on Acid, Drupal, WordPress, SharePoint

PROFESSIONAL EXPERIENCE

SS&C Technologies
Front-End Developer / UI/UX Designer
Remote | Jan 2023 – Oct 2026

- Built and maintained responsive, component-driven user interfaces using Angular and React framework architectures.
- Created high-fidelity mockups, interactive prototypes, and wireframes to streamline product handoffs and UI alignment.
- Delivered visual design assets including logos, vector graphics, icons, and UI component styling for enterprise apps.
- Integrated client-side UI components with RESTful web services and backend APIs to support dynamic data rendering.
- Leveraged AI-assisted development tooling (including GitHub Copilot, Claude, and OpenCode) to accelerate feature development, refactor legacy codebases, and optimize component performance across enterprise applications.

New York Football Giants
Front-End Developer / UI/UX Designer
East Rutherford, NJ | Jan 2020 – Jan 2023

- Architected and developed dynamic, responsive UI components utilizing ReactJS and Angular for primary public-facing digital assets and internal fan interaction platforms.
- Led end-to-end design-to-code workflows: authored high-fidelity wireframes and interactive prototypes in Photoshop/Illustrator/XD and engineered them into clean, modular HTML5/SASS/JS.
- Integrated third-party APIs and real-time game data services, ensuring seamless state management and optimal page loading speeds.
- Designed and developed mobile-responsive HTML email marketing templates tested across all major devices via Litmus/Email on Acid.
- Produced custom graphics, logos, web banners, and digital print assets maintaining strict NFL brand identity standards.

National Football League
Systems Support Specialist (Game Day Operations)
East Rutherford, NJ | Aug 2021 – Jan 2024

- Provided live game-day technical support for NFL press box systems and media hardware infrastructure.
- Configured and maintained system preparations for official NFL GSIS statistical reporting and data feeds.

CVS Health / Pharmaceuticals
Lead Front-End UI/UX Developer
Florham Park, NJ | Jan 2018 – Jan 2020

- Spearheaded front-end redevelopment of core Pharmacy web applications transitioning legacy applications into modern Angular and ReactJS architectures.
- Engineered reusable UI component libraries and shared services, drastically improving team development speed and code standardization.
- Designed wireframes and interactive user journeys targeting accessibility compliance (WCAG) and enhanced UX for millions of healthcare users.

PROFESSIONAL EXPERIENCE (CONTINUED)

Bank of America
Trevose, PA | Jul 2017 – Jan 2018

Email Front-End Developer / Designer

- Designed and coded mobile-responsive transactional and marketing email templates using inline HTML/CSS and Photoshop.
- Executed extensive multi-client cross-browser and mobile device testing using Email on Acid and Litmus platforms.

D&R Lathian
Eatontown, NJ | Jan 2017 – Jul 2017

Front-End Developer & UI Designer

- Managed design-to-development pipeline for pharmaceutical client websites utilizing HTML5, CSS3, PHP, Angular, and ASP.NET.
- Created custom responsive WordPress themes, UI/UX graphic assets, and key marketing animations using Adobe Creative Suite.
- Configured and deployed compliant digital campaigns via Eloqua, MailChimp, Campaign Monitor, and Litmus.

Janssen Pharmaceuticals
Titusville, NJ | Jul 2014 – Jan 2017

UI/UX Developer & IT Lead

- Architected UI/UX prototypes and wireframes for desktop, mobile, and web applications across .NET, Angular, and Android environments.
- Engineered production-ready Angular and hybrid mobile components tailored to backend enterprise business logic and scalability.
- Provisioned digital communication solutions and content delivery systems utilizing Drupal, WordPress, SharePoint, PHP, and MySQL.
- Spearheaded digital signage infrastructure implementation across corporate facilities.

Pereless Systems
Red Bank, NJ | Dec 2013 – Jun 2014

Web Developer & UI Designer

- Designed intuitive web layouts and mobile application interfaces for applicant tracking and career portal platforms.
- Engineered reusable JavaScript/CSS3 layouts integrated with ColdFusion and SQL backend services.

Middlesex County Reprographics
New Brunswick, NJ | Oct 2008 – Dec 2013

Web Developer & Graphic Designer

- Designed and standardized modern HTML5/CSS3 UI template interfaces for internal county web services and portals.
- Created complete visual branding packages, online banners, digital image galleries, sitemaps, and interactive HTML prototypes.
